

# ENJOYMENT IN SPORTS

At a time when the challenges of physical and mental harassment in sports are becoming increasingly visible, maintaining enjoyment during sports is increasingly important.

We all understand the value of a safe sports environment. Safety is a prerequisite for your sports association, whether for the athlete, the coach or the concerned parent. But how do you ensure that there is an open culture at your association that contributes to the enjoyment of the sport? Constant attention is the answer. If your association communicates rules, norms and values in a structured but fun way, it will create the right atmosphere.

Find out how this communication from your club can be strengthened by Coaching Support, thereby working with the confidant to ensure a safe feeling at the club.
